

FashIntelli Summary Report

Prepared for Sample User • Brand focus: Nolimit Srilanka • Fashion marketing decision snapshot

Recommended Platform

Tiktok

Estimated Intent

59.46%

Brand Focus

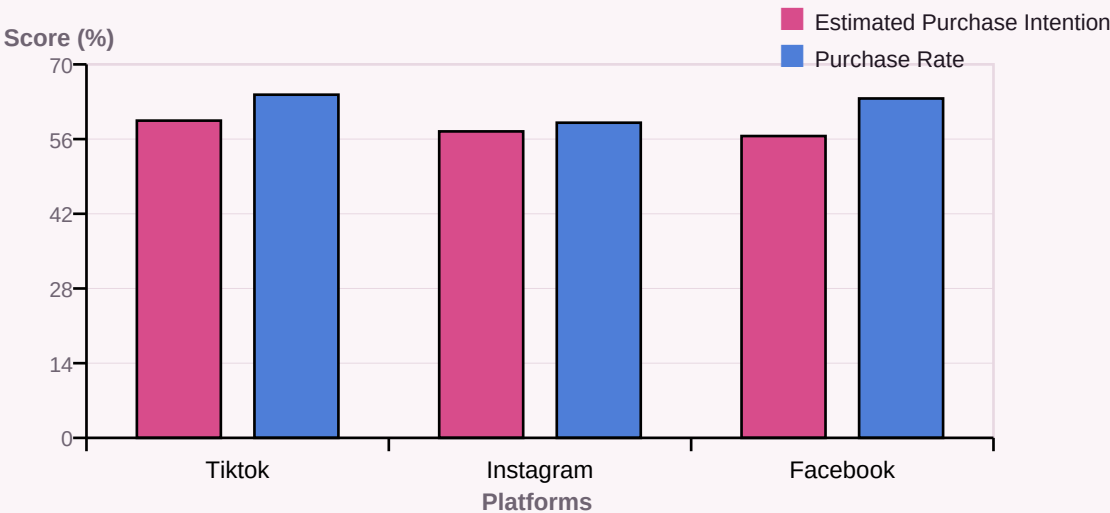

Nolimit Srilanka

Recommendation overview

- **Recommended platform:** Tiktok
- **Estimated purchase intention:** 59.46%
- **Decision basis:** 50% brand engagement, 30% platform purchase rate, and 20% platform index.
- Brand-specific purchase retraining is data-readiness dependent because the survey dataset does not currently contain a brand field.

Cross-platform purchase signal

Estimated Purchase Intention vs Purchase Rate

Platform comparison details

A higher estimated intent suggests a stronger likelihood of conversion when engagement and platform-level purchase behaviour are considered together.

Platform	Estimated Intent	Engagement Rate	Purchase Rate	Avg. Followers	Posts
Tiktok	59.46%	40.32%	64.32%	71,970	124
Instagram	57.44%	39.88%	59.07%	71,970	519

Platform	Estimated Intent	Engagement Rate	Purchase Rate	Avg. Followers	Posts
Facebook	56.57%	35.42%	63.61%	71,970	192

Top brands snapshot

This quick benchmark helps position the selected brand against the strongest performers in the available dataset.

Rank	Brand	Est. Purchase Intention	Overall Engagement
1	Puitcom	98.11%	66.67%
2	Kanchukas	95.33%	66.67%
3	Dedunuuu	94.50%	66.67%
4	Thepapare	94.50%	66.67%
5	Erichenryheinrichs	91.70%	66.67%
6	Nipun Fdo	88.55%	100.00%

Action checklist

- Prioritize content testing on the recommended platform first.
- Use the platform comparison to explain the decision to stakeholders.
- Re-check the comparison after new campaign data is collected.
